Another extremely challenging year is coming to an end and we are looking forward to a well-deserved break.

On behalf of the Strike team, I would like to use this opportunity to extend our sincere gratitude for your support and custom during the past year.

Strike Technologies' annual shutdown will commence on **Friday, 15th December 2023** and we will resume business on **Thursday, 4th January 2024**.

If possible, we will ensure that all outstanding deliveries to customers are concluded by no later than 13:00pm on Wednesday, 13th December 2023 and we request suppliers to ensure that all deliveries to Strike be concluded similarly.

We wish you a joyous festive season and a prosperous 2024.
